Personal Statement

I consider myself to be an energetic ambitious individual, who has developed a mature and responsible approach. Having excellent interpersonal skills enables me to organise people and systems, helping achieve objectives efficiently whilst working under pressure and meeting strict deadlines. I consider myself a strong and confident member of the AD department. Working mostly on commercials and due to my versatility I am able to move quickly from one task to another. Looking forward I would like to expand my knowledge base and continue to gain experience in the AD department.
