Key Skills: Focussed, Approachable, Practical.

Covid Experience: Since completing the APA Covid assessment, I have been qualified to work as a Covid Supervisor and have since worked on a range of shoots including commercial, corporate and promo. I'm experienced in supervising over 70+ cast and crew, completed necessary risk assessments, attended reces, and worked on productions from one day to two weeks long. I have excelled in this role thanks to my attention to detail, approachable personality, and my experience in the AD department has helped to ensure I can carry out my job efficiently, without disrupting the shoot.

Kit: I can provide a laser thermometer and PPE upon request.

Ravensbourne University '14-'17 **BA Digital Film Production: 2:1**
