ABOUT

Over 10 years experience in the film and advertising industry as an Assistant Director. With the aim of helping Directors, Photographers and Producers realise their ambitious visions as clinically and as fuss-free as possible.

Long form TV shows such as Top Gear, music videos for David Bowie, Frank Ocean and Dua Lipa, as well as major campaigns for Apple, Versace, British Airways, Cos and Rimmel have all filled the last decade.

Speaking **3 Languages** has meant that I'm mainly working abroad these days, so apart from shooting in my home town of London - Lisbon, Milan, Barcelona, Chamonix and Saudi Arabia are all places in which I've been recently employed.
