A Brief Resume:

I've been working on set for 28 years. In that time I've worked across all formats, from large scale action features to commercials, music videos, promos and short films. As a 1st AD I've run the main unit across a wide range of commercials, music and feature promos as well as larger productions, lately including the US HETV "A Murder At The End Of The World", helmed by the OC's Brit Marling and Zal Batmanglij and low-budget performance-focused film "Hostages", directed by Jim Owen). I still enjoy shooting shorts: the latest, "Lovely Creatures" (directed by Richard Hunter) was shot on 16mm and shown to audience acclaim at the LSFF in January 2023.

I am experienced shooting on both film and digital, with experience in drama, action, comedy, documentary, stunts and large set-piece productions, vehicles, including low-loaders, tracking vehicles high-speed/ precision driving, pyrotechnics, weaponry and combat, drone and aerial filming, choreography, intimacy, costume drama and period film-making, fashion, working with minors and actors with additional needs.

When not working I enjoy sailing -I'm an ex-Team GB sailor- and running cross-country; I speak conversational French, and have run sets in both French and Spanish.
