BALSALL HEATH
BIRMINGHAM B129ND

I am an experienced and enthusiastic 1st AD with over 15 years working in the film and TV industry. During this time I have worked with many high level directors and world class talent. I enjoy the level of commitment and responsibility that comes with the role and work hard to achieve the most out of each shoot day. My career has taken me to many different countries working on complex and demanding shoots. I relish the challenges tough shoots bring and always aim to keep my crew happy and ensure their safety. I have experience working with low loaders, stunts, weapons, action sequences, children, animals, A-list talent, scripted and unscripted drama. Please feel free to contact me about any of my work or for further enquiries.
