ABOUT ME

My career as a Make-up Artist has led me on to a diverse range of productions, from high end television drama, to a multitude of commercials and films. Having gained a BA Hons in Fine Art, I went on to complete formal training at Greaspaint school of Make-up and have been working full time in the industry ever since. Most recently I have been fortunate enough to Supervise the Hair & Make-up Department on a number of TV Productions. I also head my own department on commercials and other projects, but also enjoy being part of a wider team. I am confident in either role and will always bring a calm professionalism to every job.

My Skill Set Includes;

- Make-up & Hair
- SFX & Prosthetics
- Period Hair and Wigs
- Airbrush Make-up
