### **Additional Information**

I am extremely hard-working and put 100% into everything I do, with a passion to do well in the Film and TV industry. I am a very friendly and approachable person who interacts well with others, and I am also a very fast learner. Great at communicating with my peers on all levels, and with taking directions from others. Five years experience in the retail industry, working at Marks & Spencers. As well as this, I spent two consecutive summers working as a camp counsellor and lifeguard at Camp Timber Tops in America, so have a lot of experience working with and teaching children.
