About:

Gaining experience working under some of the best 1st ADs and production teams in the commercials industry as a floor runner for the past three years has led me to the realisation that my skills and attributes are best suited to the production department. As a highly motivated, proactive and organised individual with a good understanding of both the pre-production process and on-set requirements, my skillset would provide great support to Production Managers and Producers.

Having worked on over 150+ shoots as a member of the AD department, ranging from month long jobs filming at multiple locations per day to one day studio shoots, I understand that each shoot poses unique problems and questions for production teams to solve. This is a process which I am eager to be a part of. My previous experiences of working in production have been successful and enjoyable, and have ignited a desire to forge a career in the department.

Skills:

- · Microsoft Word & Excel proficient
- Keynote proficient
- Own MacBook
- · Excellent writing and communication skills
- Experience booking crew and transport
- EU passport holder and working-level German
- Green Screen trained
