- BFI Producers' Programme

- MacBook Pro including:
- Movie Magic Budgeting - Production Guild trained
- Movie Magic Scheduling - Production Guild trained
- Final Draft

SUMMARY

I am an enthusiastic, personable team member with around 20 years of production experience, from international live Outdoor Broadcasts (OBs), to TV commercials, pop promos, stadium and arena concerts, West End theatre, short films and Drama productions.

In BBC Drama Production, I worked as an assistant to Belinda Campbell, Executive Producer of Casualty and the BAFTA winning producer Pier Wilkie, when the division was headed by John Yorke. I also worked closely with the BBC Writers Academy team. I have experience of script editing and reading, as well as development and commissioning.

While in BBC Events, I organised and coordinated the BBC's preparations for major state funerals which would require rolling BBC coverage, liaising with Government and Royal departments. Other production experience includes working throughout the BBC, HLA, Thomas Thomas Films, Knucklehead, Teachers' TV, Exposure, Flynn, Factory Films, Royal Opera House, English National Opera and Stink.

My Production experience includes shipping entire film units, including to non-Carnet countries and I have also worked on multi-unit shoots. I have personally managed budgets up to £1,500,000, overseen staffing and logistics. I am experienced at, and enjoy, taking projects from initial concept to final delivery. I have excellent communication, creativity and organisational skills, along with the ability to balance a number of competing priorities. I am experienced at dealing with major key stakeholders; I have worked with some of the top producers, directors and production companies in the industry, as well as A-List acting and music talent, international dignitaries and royalty. I have experience of child licensing for entertainment, and I have completed the paperwork for licenses, making me solely responsible for this licence. I have a strong network of licenced chaperones, and I understand the scheduling requirements for child performers.

I was selected by Society of London Theatre (SOLT) as one of the top young producers in the UK in 2013. For the 2013/2014 and 2015/2016 season, I was a Judge for the Olivier Awards.

I was jury selected by BAFTA to become a member of BAFTA Crew x BFI Network, and have also completed the APA Masterclass and Covid training. I have been trained by the Production Guild in Movie Magic Scheduling and Budgeting software, and was selected for the BFI's Producers' Programme.
