Additional Information

After studying film and theatre at Esher College, I completed an acting diploma at Central School of Speech and Drama. It was after my foundation course that I realised I wanted to work behind the camera, instead of in front of it. I have a unique and forward thinking style that I've brought to various projects and enjoy the fast pace of on-set work. I'm quick on my feet and flourish under pressure - with almost 3 years of experience in childminding I've had plenty of time to polish my skills in predicting my surroundings and dividing my attention. I have a clean driving licence with my own car, I'm DBS checked, safeguarding qualified and have basic first-aid training with a specialisation in paediatrics.
