London based (NE & SW)

With 6 years experience in documentaries for broadcast and progressing to producer level, I am well skilled in multiple areas of filmmaking. I can shoot, edit, manage a team, meet deadlines in both pre & post production and act dynamically on the ground to achieve the best result possible.

In 2021 I decided to make a change into film and commercials returning to runner level to gain experience on set and diversify my skillset. I am an enthusiastic, hardworking and ambitious person. I pride myself on being reliable and personable, making sure I give my best efforts in tasks given to me. Some of my strongest assets are my communication skills and I am able to get along with a variety of people from different age groups and interests. I consider myself a team player and I thrive in a team environment. I enjoy learning new skills and believe my past experiences, combined with my driven attitude to succeed have prepared me for challenges ahead.
