- LONDON BASED NW5 / SM5 -

Optimistic, driven & proactive runner/production assistant.

I'm very sociable and easy to get along with, while also being a reliable hard-worker and quick learner. I work using initiative and pragmatism, and this readies me for being thorough, discreet and helpful on set. I'm happy taking direction and learning from all sorts of people, and most importantly, I love, and am whole-heartedly committed to, working in the film industry.
