I have 6 years' experience in London within the AD department working on a wide range of productions for brands such as Jaguar Land Rover, EE, Adidas, Nike, Amazon, John Lewis, DFS, National Trust, Mastercard, SKY, BBC, ITV, C4 and many more. I also have experience as a Talent Liaison on a variety of Live Broadcast Shows such as BRIT Awards, Global Citizens Awards, Radio 1 Teen Awards, alongside experience as an Audience Management Assistant on the MTV European Music Awards and MTV presents Madonna Live & Exclusive. I have worked all across the UK and Europe including 1 job which was just over a month for a Shell YouTube series called The Great Travel Hack, where we had to drive from London to Istanbul with 2 teams of celebrities. I was a Runner on this job with another responsibility of driving a Luton van there and back.

I'm now looking to expand my portfolio and gain experience working in drama and film productions. Commercials is where I've always been so I would love to add drama and film to my range of experience.
