

## Personal Profile:

With confidence and clear communication, I have over 7 years experience in the industry, from leading teams in hazardous locations to running the floor on large commercials and feature films. I specialise in working on sets with children and also have experience with shooting in/with Public Places, Motion Control, Multi-Camera set ups, High Profile Cast, Drone Shots, Large Crowds, Low-Loaders and more. I bring a friendly, optimistic and experienced head to set and enjoy helping crew and cast get the project in the can. I'm based in Marylebone, London and available for both local and international shots.
