

ANGELA GODFREY (She/Her) | SCRIPT SUPERVISOR | DIGITAL / SCRIPTE

I have been working in the TV and Film industry since 2004 and have been working as a London based Script Supervisor since 2014. I have experience of almost every type of shooting scenario and am equally happy working on large and small scale projects. My expertise is in high budget TV drama and commercials and have worked with notable directors such as Taika Waititi, Bryan Buckley, Michael Bay and Sam Mendes. I am passionate about film and storytelling and am very adaptable to different styles of filmmaking including improvisation, animation, VFX, motion control, 35mm, and am comfortable working with celebrities, boats, tracking vehicles, stunts, animatronics, children and animals.... you name, it, I've probably done it or if not I will find the best way to do it! Whilst on set I am always keeping post production and the end product in mind, making sure what we shoot can be edited smoothly and to the required running time. Celebrities I have worked with include, (in no particular order) Harrison Ford, David Beckham, Peter O'Toole, Kate Winslet, Helen Mirren, Idris Elba, Emilia Clarke, Henry Cavill, Andrew Scott, Peter Capaldi, Gal Godot. I also have experience in producing, directing, script writing and editing. References available on request.
