Additional Information: I have worked extensively in commercials, features, promos, content and TV for a number of years. A late starter to the industry, I previously worked in the public sector for a number of years in roles ranging from Project Worker with the Street Homeless, Youth Work as well working with people with substance misuse issues. I also combined a successful pop and dance music career in Europe and the UK over the same period. I bring a wealth of life experience to any shoot and my previous professional background, amongst other things, has enabled me to deal with effectively difficult members of the public from all walks of life and work in unconventional/inner city locations. I'm also in the final year of a Film and Media degree and in my spare time, I also write screenplays and make House music.

Additional Skills: First Aid Certificated, Full Clean Drivers Licence (D1) (LWB Vehicle/ Luton/Crew Van Competent), Extensive Professional Experience Working with Young People and Children, Experienced in International Locations/Carnet's, Extensive Experience of Working in Unconventional/ Inner City Locations as well as dealing with challenging behaviour.
