## FILM & DRAMA

JULY 2122 – JAN 2022

HETV/HBO AVENUE 5 S2 Covid Office Manager / Production Health Manager

Working closely Armando Iannucci and Kevin Loader, triumphantly kept the show moving by implementing and managing a successful COVID program for 300 Crew across 3 units and 40 cast members. This role ended up being a lot more than COVID, dealing with the principle cast arranging doctor appointments, MRI scans, early pregnancy scans, medication, COVID jabs, flu jabs and IV drip boost. This role really gave me an insight to how big shows run and having a natural ability to deal with situations while keeping a calm, especially around successful artists.
